

Hazardous Materials Compliance

Digital View certifies that the following products are free from the Hazardous Materials as listed:

SVX-1920, SVH-1920, HE-1920, SP-1600, HE-1600, ALR-1400, HE-1400, DVS-1600, AVP-1600, AVP-1280, DVI-2560, ACG-1024, HD-1000, HD-2000

Material		None
Polyvinylchloride (PVC) materials, including PVC insulated wiring		X
Kapton wire		X
Asbestos and asbestos containing materials		X
Materials and components containing Mercury (e.g., switches and relays) Amounts of less than 8mg are acceptable. Appropriate handling procedures for a hazardous condition shall be identified in SDRL B002 Operator and Maintenance Source Data.		X
Uranium and depleted uranium		X
Magnesium		X
Chemicals identified in the Occupational Safety and Health Act (OSHA) as carcinogens.		X
Materials containing Cadmium		X
CFK's		X
Beryllium		X
Germanium Semiconductors		X
Fixed paper or plastic dielectric capacitors in molded cases		X
Non-solid sintered-slug tantalum capacitors		X
Wet-slug tantalum capacitors employing silver cases		X
Materials which may liberate gasses which combine with the atmosphere to form an acid or corrosive alkali		X
Materials which may liberate toxic or corrosive fumes detrimental to the performance of equipment or the health of personnel		X
Materials which may liberate gasses which will produce an explosive atmosphere		X
Glass fiber materials in outer surface or covering, where they may cause skin irritation to operating personnel.		X
